Edward J. Kidwell, Jr., Fall-Sinclair trial juror, alleged to have expressed the hope that if the trial ended "favorably" he would get a car a block long, was yesterday denied the right to intervene in the Sinclair-Burns contempt case which opens next Monday.

Release of H. W. Thompson, U. S. mine operator kidnapped by Mexican bandits, was expected momentarily last night.

Kathleen Jackson, died yesterday in the Napa state hospital from the effects of a slow acting poison.

George Remus was forced to hide in an apartment provided by the government to save himself from gunmen hired by his wife. It was added in evidence in his trial for murder yesterday.

An appeal to Congress to back up President in his tax reduction program was issued by Rep. John Tilson (R) of Connecticut yesterday.

St. George and the dragon have been shoved off the silver coinage of Great Britain.

160 officials of the 32 Pittsburgh election boards were indicted by the grand jury on charges of irregularity at the September primary.

Mussolini has banned participation of officers in "exotic dances" as undignified. The Charleston and shimmy are specifically noted.

Soviet Russia yesterday challenged the whole world to disarm. This proposal at the League of Nations preparatory disarmament conference was met with varied feelings on the part of the other delegates, who evidently feared Russia treachery.

VISIT PAID TO VET HOSPITAL

The hospital committees of the Richmond chapter of War Mothers, the American Legion auxiliary and the Spanish War Veterans auxiliary, visited a number of the wards in Letterman General hospital yesterday.

The War Mothers visited Ward No. 106 serving 16 patients with cigarettes, fruit and magazines. The Legion auxiliary brought home-made cakes and candies to 54 patients in the mental ward. No. 19. Great progress is being made here in restoring the minds to shell-shocked veterans who make rugs, scarves and toys. Toys made in the ward this year will be sent to the Children's hospital in San Francisco.

Those making the trip yesterday were: Mrs. Anna Keaton, Mrs. Anna Jarvis, Mrs. Anna Lautenschlager and Mrs. Sarah Pitchford of the War Mothers; Mrs. Adeline Stender and Mrs. Ganner of the Legion auxiliary and Mrs. Daisy Bell and Mrs. J. T. McCormick of the Spanish War auxiliary.

Man Hurlled From Pole As 4700 Volt Current Shoots Through Body

RESPIRATION MEASURES GIVEN BY GREAT WESTERN LINE GANG PROVE UNAVAILING

Clifford J. DePlacey, 38, of 2308 Telegraph Avenue, Berkeley, was instantly killed yesterday afternoon when the powerful current from a high tension wire shot through his body, hurling him from the power pole upon which he was working near the Standard Oil pump house, on the Giant road.

DEATH FROM ELECTROCUTION
Fellow members of the line gang with which DePlacey was working for the Great Western Power Company were unable to explain the circumstances leading up to the tragedy. They stated that they were horrified to see DePlacey drop from the power pole, every indication pointing to instant death from electrocution.

RESPIRATION MEASURES FAIL
G. A. Wildes, of 405 Thirty-eight Street, Oakland, reported that instant artificial respiration measures were used, but with no effect.

DePlacey was taken to the Abbott Emergency Hospital where medical aid given by Dr. U. S. Abbott failed to restore life in the stricken man.

DePlacey was installing insulators on power poles at the time of the tragedy and the opinion was given that he had inadvertently come in contact with the wire which carried 4700 volts.

NATIVE OF CANADA
An examination of the body revealed that DePlacey was a native of Canada, and a member of the Loyal Order of Moose, Lodge No. 54, of Philadelphia.

It is not thought that he had any relatives in this vicinity. Funeral arrangements are pending in the hands of Wilson and Kratzer. Date for an inquest will be set in a few days.

Xmas Shopping In Full Swing In Local Stores

Christmas shopping was in full swing in Richmond yesterday. A check-up of downtown stores, made by Secretary Anglim of the Richmond Merchants' Association, indicates that the early Christmas shopping movement, which is sweeping the country, has hit this city with a bang.

This corresponds with reports received from the larger cities throughout the country. It indicates that the movement, launched by club women to place their holiday gift-buying on a commonsense basis and eliminate much of the eleventh-hour hysteria, has gained a firm foothold.

Action of Richmond merchants, in meeting this new popular demand with an earlier display of their full Christmas merchandise stocks, has accelerated the movement in this city. Those who visited stores yesterday found complete stocks from which to make their selection. The selling was under the guidance of regular store employees who had plenty of time to give their customers adequate attention.

"The great trouble with the shop early campaigns in previous years was the fact that the stores

Supervisors Plan Vigorous Fight Against County Stages

MARTINEZ, Nov. 30.—Members of the Contra Costa board of supervisors, with District Attorney A. B. Tinning, will attend a hearing of the Railroad Commission in San Francisco Tuesday to enter a vigorous protest against proposal of the California Transit company to re-route its coast to valley lines through Contra Costa county and abandon the majority of its through Alameda county routes.

This was decided upon today after the district attorney had conferred with board members and outlined the protest that would be presented by Contra Costa. It is planned to present witnesses to establish that public necessity and convenience does not require stage

facilities in addition to those already available in the county and that routing of five major stage lines through Contra Costa as proposed by the company would add materially to the traffic hazard. The supervisors will also urge denial of the company's bid on the ground that the heavy stage traffic will damage county highways and that the Contra Costa county routes are being sought not because of any shortened distance in travel, but because the highways here afford smoother surface than those available through Alameda county.

Granting of a franchise for a Martinez-Byron stage, it will be argued, will suffice to meet traffic needs.

SET BACK ZONES TO BE RECOMMENDED IN CITY

NEW TRIAL TO BE SOUGHT IN MURDER CASE

Lack Of Evidence To Be General Grounds For Asking Retrial

Attorney T. H. Johnston, counsel for Librado Flores, convicted of manslaughter by a jury in the court of Superior Judge H. V. Alvarado yesterday afternoon, declared last night that he would seek a new trial on the general grounds of lack of evidence. Verbal notice of his intention was given in court yesterday afternoon when the verdict was returned.

SENTENCE MONDAY
Monday afternoon at 1:30 o'clock has been set by Judge Alvarado as the date for passing sentence on Flores. The crime calls for from one to ten years in San Quentin prison. At this time, Attorney Johnston will make his formal plea for a new trial and in the event that he is refused he will appeal to higher courts.

COMPROMISE, BELIEF
The general belief in Martinez, yesterday, was that the verdict was a compromise reached after the jury had been out 22 hours. No announcement was made on the number of ballots cast or the results until the manslaughter verdict was agreed upon, but it is said a number of the jurors were firm for acquittal.

ASK INSTRUCTIONS
Late Tuesday afternoon and again yesterday morning, the jury filed into the courtroom to request the reading of evidence in the case. They were particularly concerned with the physical condition of Flores following the fight last October 23, which ended when Antonio Mariscal, friend of Flores, fell to the ground stabbed in the neck.

It was not until one hour before the time set by the court for the "dead line" of the verdict that the jury arrived at its decision.

Prosecution of the case was handled by Deputy District Attorney James P. Hoey.

THREE MEN ACCUSE
Following the brawl in North Richmond, three men, Antonio Marcus, Joseph Alameda and Victor Nogueira, who admitted they were participants in the fighting, but placed the blame of aggression on Flores, were placed under arrest and later freed following investigations. They were represented by Attorney Thomas M. Carlson. At the inquest and the trial all told the identical story, that Flores precipitated the fight and that Mariscal acted as peacemaker. They all declared that Flores shouted: "Look out or I'll kill you too," shortly before Mariscal fell fatally stabbed.

A number of pickets used in the fight were introduced as evidence in the trial, but Marcus, Nogueira and Alameda denied using any of the pickets except one that broke in the hands of Marcus.

Local Man Sues For Note Collection

MARTINEZ, Nov. 30.—P. O. Rupp of Richmond, today filed suit against George R. Giben, P. E. Wing, R. O. Wing and George C. Warner, to collect on a promissory note of \$500. Rupp also sues for the interest and \$150 attorneys fees. The plaintiff is represented by Tinning and De Lap.

MRS. SPRING RECOVERED
Mrs. J. R. Spring who underwent a major operation at a local hospital has been removed to her home, 2123 Roosevelt avenue. She is reported to be fully recovered.

Victim

WITH probably fatal stab wounds, Josephine Moffa, 18, of Alca, N. J., regained consciousness long enough to identify the negro who attacked her while she was waiting for a train at Dumparton, and dragged her into nearby woods. She is now in Camden hospital.

BANQUET HELD BY REALTORS

Looking back on a year that saw Contra Costa county produce \$456,000,000 in manufactured products, more than ten million dollars worth of farm products, fruits, vegetables, and other agricultural crops, a year that saw millions of dollars worth of real estate change hands and saw many millions put into permanent improvements, in new factories, in new homes, new schools and other public buildings, the Contra Costa Board of Realtors met at its annual dinner-dance at the Fairmeade Country Club last night.

MORE THAN 90 PRESENT
More than ninety members of the fraternity—men and women in closest touch with the tremendous development taking place in Contra Costa county. Attended the affair which was arranged under the direction of the Richmond members of the board.

From Martinez, from Walnut Creek, from Concord, from Pittsburg, from Pinole, from Crockett, from Byron, Brentwood and other points in the county came the realtors, their wives and sweethearts.

PLAY WEDDING MARCH
The members entered the great dining hall to the tune of the wedding march played in honor of Mr. and Mrs. Elmer E. Cameron of Walnut Creek who were married just about a week ago. Mrs. Cameron was formerly Miss Lenette Norton.

E. B. Bull, president of the Contra Costa Board of Realtors, presided.

A splendid chicken dinner was served by the country club management.

PAULSEN REPORTS
President Bull announced that he had "lost his voice" and was therefore compelled to do so talking but that the board's able secretary was prepared to make a complete report of the past year's activities of the county realtors. He thereupon called upon A. L. Paulsen. Paulsen picked up a large yellow sheet and read the report in Chinese, much to the enjoyment of the guests.

The "report" made such a hit that Paulsen was compelled to go to the blackboard where he demonstrated how the Chinese language was created by symbols, how to copy a signature, how to

S. O. PAYS HUGE SUMS IN TAXES

Standard Oil Company, Contra Costa County's biggest taxpayer, yesterday paid \$876,055.97 to Tax Collector M. W. Joost. The payment covered the company's first installment of taxes on its holdings in the county, principally in the Richmond refineries. The payment was made by certified check. The first installment of city taxes paid by Standard will total well over \$100,000.

Civilization Of Korea Is Told Y.M.C.A. Club

The ancient civilization of Korea was discussed last night by Dr. Shipp, before the Young Men's Division and B-Y club of the Y. M. C. A. Shipp is the Y. M. C. A. secretary for the northern district of Korea, comprising 200,000 square miles. The traditions of the country go back for 5000 years, Shipp said, and the written history reaches a period 3000 years ago.

He used these illustrations to show the culture and civilization that existed long before the West arose, and to prove that the natives of the country must be considered from a different viewpoint than is commonly taken. Educational facilities in the country are scarce. Shipp affirmed and expounded in comparison to the yearly income of an entire family, which he estimated is \$125. A years education costs about half this amount and privation must be undergone by the family, if a member is to acquire an education.

A million and a half persons are in the northern part of Korea, under Shipp's administration, and but one Y. M. C. A. building is located in the entire territory. The Y. M. C. A. and the churches of the section are aiding in resisting the influx of communism from the north and the germ of civil war from the south, Shipp declared. He commended the hospitality of the Korean people, who are now under Japanese rule. The committee of the Young Men's Division, which sponsored the meeting, volunteered their financial and moral support to the foreign work.

Two Held In Shop Robbery In El Cerrito

Two men, giving the names of James Biggers, 751 East Eleventh street, Oakland, and Art Veras, 1044 Fifth avenue, Oakland, are lodged in the El Cerrito jail, under suspicion of being implicated in the robbery of the tire shop of T. S. McIntyre, at Central and San Pablo avenues, El Cerrito. Twelve dollars was secured. Biggers is charged with carrying concealed weapons and illegal possession of liquor, while Veras is being held on a vagrancy charge.

SEAMAN DIES FROM INJURIES

Louis McGuire, 18, a deckhand aboard the Standard Oil tanker, "Fitzsimmons" who sustained injuries when the cover of a hatch fell upon him Tuesday, died at the Merritt hospital in Oakland yesterday morning, 12 hours after the accident.

At an inquest presided over by Coroner Grant Miller of Oakland, a jury returned a verdict that death was due to accidental causes and did not fix the responsibility.

McGuire sustained a fractured skull, torn scalp and fractured jaws. He made his home at 1249 Herbert street, Los Angeles, where his mother resides. A brother, Thomas McGuire, is chief engineer aboard the same ship on which the accident occurred. The remains were shipped last night to Los Angeles for burial.

Place Check Charge Against Two Men

George Rear was yesterday taken into custody in Pittsburg and turned over to Richmond authorities, who have placed against him a charge of issuing checks without funds in the bank. He was brought to Richmond by Inspector George Bengley.

Baby Answers Call Of Grim Reaper

Funeral services will be held Friday morning at 9 o'clock in the Wilson and Kratzer chapel for little Mary Estrada, baby daughter of Mr. and Mrs. Manuel Estrada, of 675 Fourth street, who passed away yesterday afternoon at the family home. The child is survived by her parents and two brothers, aged 8 and 9 years.

Interment will be in St. Paul's churchyard, San Pablo.

INTER-COUNTY ARTERY PLANS ARE DISCUSSED

Closing Of Streets For Industrial Purposes To Be Acted On

Following the discussion yesterday afternoon of plans for the industrial artery prepared by Dr. Carol Aronovici, city planner, the city planning commission will recommend to the city council that an ordinance be passed for act backs along the proposed industrial boulevard as well as other zones now being considered by the commission, according to W. T. Helms, secretary.

ARTERY DISCUSSED
Legal phases of the proposed inter-county industrial highway were discussed by the commission, Dr. Aronovici and City Attorney Thomas M. Carlson were instructed to investigate the proceedings necessary for the construction of the boulevard for the two counties.

Since the highway will run in and outside of Richmond and through El Cerrito, Albany, Berkeley, Emeryville and Oakland, the territory to bear the assessment costs must be determined before the proceedings can be started.

SET BACK WORKED ON
City Building Inspector A. J. Hurley is at present working with Dr. Aronovici on the set back plan recommended. According to plans, new buildings in the residence districts and including apartment houses will be required by ordinance to be placed at a certain distance back of the property line.

MEET NEXT MONDAY
A meeting of the planning commission is called for next Monday to discuss further the plans for the artery and the set back zoning. County Supervisor Zeb Knott is expected to be present at this session with the district attorney's office represented. What help can be expected from the county in the construction of this highway in sections outside the city will be discussed at this time.

DISCUSS STREET CLOSING
The commission also discussed the closing of the western ends of Rheem, Dunn and Hellings avenues, for industrial purposes. Pending further information of legal phases, no definite action was taken by the commission.

NO ARTERY CHANGES
Practically no changes in the plans for the industrial highway as presented to the city council several months ago, have been made by Dr. Aronovici, according to Helms. The artery will start at the foot of the Standard Oil tank farm, proceeding along Kearney street in San Pablo to Tenth street in Richmond and along this latter street, turning south across the Santa Fe tracks to Stages. Here it will connect with the portion of the boulevard through El Cerrito, Albany, Berkeley and Emeryville, where it will connect with Oakland.

The highway will be for industrial purposes and will relieve the congestion along San Pablo avenue.

TRINITY GUILD TO CONDUCT FOOD SALE

A food sale will be conducted next Saturday at the corner of Richmond and Washington avenues by the Trinity Episcopal guild. It was decided at yesterday's guild meeting. The girls of the Sunday school will be in charge, since the proceeds will be for a Christmas tree party to be given for the school. Mrs. J. A. Janke presided yesterday and refreshments were served at the close of the meeting by Mrs. C. H. Blake. The guild will meet next Wednesday.

G. I. A. OFFICERS WILL BE ELECTED TODAY

Officers will be elected at the meeting of the G. I. A. this afternoon at Memorial hall. Mrs. R. V. Rich will preside. Plans will be finished for a bazaar to be given tomorrow and Saturday at Twelfth street and Macdonald avenue. A food sale will be given Saturday, while a rummage sale and bazaar will be given both Friday and Saturday.

S. R. L. WHIST PLANNED FOR NEXT MONDAY

Prizes will be given for every two tables at the miscellaneous whist party to be given by the South Richmond Improvement club next Monday evening. A door prize will also be given. The committee in charge is headed by Mrs. Marie Lee Kelly, with Mrs. Bert Ten Eyck, publicity chairman, Mrs. Charles Johnston, Mrs. Clara Barry and Mrs. Borgstrom.

PULLMAN P. T. A. PLANS CHRISTMAS PARTY

A Christmas party will be planned at an all-day meeting of the Pullman Parent-Teacher Association today at the school. A covered dish will be brought for luncheon by each of the members. Curtains for the waiting room of the school will be completed.

The New Ford Car will sell at a SURPRISINGLY LOW PRICE

Complete details of the new car which will be
officially announced
this FRIDAY

THE MINUTE you see the pictures of the new Ford car you will be delighted with its low, smart lines and the artistic color combinations. There, you will say, is a truly modern car.

But a still greater thrill awaits you when you slip into the roomy seat behind the wheel and start away for your first ride. Then you will know that you have found the most unusual value ever offered in a low-price car.

You will like the feeling of speed and power that the new Ford gives you—the comfortable, prideful feeling that comes from having a car worthy of any occasion and equal to every emergency.

You will like the flexibility and safety of the new Ford car as you weave in and out of city traffic—its flashing pick-up as the light turns green and the sign says "Go." You will like its smooth, quiet steadiness on the open road where you can lazy along according to your mood, or do 55 and even 65 miles an hour if you desire. The new Ford has unusual speed—no doubt of that!

*A smart, low, speedy car that
has been built to endure*

The new Ford will climb hills that you never thought a low-price car would climb on high. It will pass cars that you never thought you could pass. The longest trips will seem easy, for here is a car that puts new joy in motoring.

There is still another reason why the new Ford car is the most outstanding value ever offered in a low-price car. An important three-word reason that means a great

deal to you — *endurance — durability — long life.*

The new Ford car is made to stand up under thousands upon thousands of miles of steady running over all kinds of roads. It has even more stamina than the Model T Ford because we have learned to make every part stronger and sturdier without increased weight or greatly increased cost.

Many of the Model T Ford cars are still in active service after 75,000, 100,000 and 150,000 miles. This new Ford car will do even better. In the words of Henry Ford: "It is our ambition to have every piece of machinery or non-consumable product that we turn out so strong and so well-made that no one ought ever to have to buy a second one."

*Four-wheel brakes and standard,
selective gear shift*

On the right, we are printing, for the first time, the complete details of the new Ford car. Read them over carefully, especially the paragraphs dealing with the new engine, the new bodies, the new standard, selective gear shift transmission with roller bearings, the new four-wheel brakes, the new hydraulic shock absorbers, the new mechanical design ignition, the new oiling system and the new dry-plate, multiple-disc clutch.

Then decide that whatever else you do Friday you are going to set aside at least fifteen minutes to get the full story of the new Ford car. It is more than a new automobile. It is the advanced expression of a wholly new idea in modern, economical transportation.

FEATURES OF THE NEW FORD CAR

55 TO 65 MILES AN HOUR

The new Ford has unusual speed. It will do 55 to 60 miles an hour with ease. This is a conservative statement. In many road tests it has exceeded 65 miles an hour. So well does the new car hold the road that you can travel at high speed for long stretches with a new feeling of comfort and safety. Even bad roads may be taken at a fast pace. You will be delighted too with the way the new Ford climbs the hills. You will face the steepest grades with confidence, knowing you have power and power to spare to climb them all without greatly reduced speed, without strain, or unnecessary shifting of gears.

40-HORSE-POWER ENGINE

At 2200 revolutions per minute, the new Ford four-cylinder engine develops 40 horse-power. This r. p. m., or revolution speed, is low for such power and shows that the engine is unusually efficient. It also means long life, for the lower the speed of the engine, the less the wear on its parts. The bore is 3 1/2 inches and the stroke 4 1/4 inches. (S. A. E. and N. A. C. C. rating for license purposes, 24.05 horse-power.)

REMARKABLE ACCELERATION

The new Ford is remarkably quick on the get-away. In tests in high gear, with a Tudor sedan body and two passengers, it has accelerated from 5 to 25 miles per hour in 8 1/2 seconds. This acceleration is an outstanding feature of the new Ford car.

PREVENTING VIBRATION

The engine in the new Ford is practically vibrationless. This is due in part to its lower r. p. m., the statically and dynamically balanced crankshaft, and the aluminum pistons. To insure quiet, the timing gears are made of bakelized fabric instead of metal, and the cams on the camshaft are so designed that the valve push rods follow them closely, preventing valve clacking.

GASOLINE ECONOMY

You will get from 20 to 30 miles per gallon of gasoline, depending on the speed at which you drive. Feed to the carburetor is by gravity from a unique welded one-piece steel tank integral with the cowl.

UNIQUE NEW OILING SYSTEM

The oiling system is distinctly Ford in design, being a combination of pump, splash, and gravity feed. The pump delivers the oil to the valve chamber, from which it flows by gravity feed to the main bearings of the crankshaft. An oil dipper is provided on each connecting rod bearing cap, so that the force of rotation of the crankshaft drives oil into the connecting rod bearings, as well as splashing oil over all working parts within the engine. This is a simple but entirely dependable system, assuring proper lubrication of each bearing and each cylinder without pressure.

PERFECTED COOLING

The new Ford car has a centrifugal water pump, and large radiator. The fan runs on the pump shaft and is made according to airplane propeller design. It is exceedingly difficult to make the new Ford engine overheat; only abuse will do it, such as running without enough oil.

IGNITION SYSTEM OF NEW DESIGN

The ignition system of the new Ford is unique in mechanical design, extremely simple, and will give the car owner exceptional performance with a minimum of trouble. There is only one coil, in a water-proof case. The distributor is located on top of the engine where it is clean and easily accessible. Connections are made to the spark-plugs by short bronze springs. The coincidental lock on the new Ford is placed in the ignition circuit. It not only replaces the regular ignition switch, but in the "off" position grounds the entire circuit. From the switch to the distributor a steel cable protects the primary current wire, this wire being grounded to the distributor casing, thereby making it impossible to wire around the device. The new generator is of the power-house type.

STANDARD, SELECTIVE GEAR SHIFT

The new Ford transmission is of the selective sliding gear type, with standard shift. It has three speeds forward and one reverse. The main shaft runs on ball bearings, the countershaft on roller bearings, and the reverse idler on a bronze bearing. This is the highest type of bearing mounting and is unusual on light cars. All gears are made of heat-treated chrome alloy steel. You will be delighted with the easy, noiseless shifting of gears in this new transmission. You can go from one to another easily, silently, with the pressure of a finger.

EXCEPTIONALLY EASY TO STEER

The steering gear on the new Ford car is irreversible. Shocks are not transmitted back to the hands of the driver. You need not grip the wheel tightly. A light touch is enough to guide the car safely. Large steering wheel is made of steel, covered with hard rubber. Lights switch and horn button are conveniently located on top of wheel.

NEW FOUR-WHEEL BRAKES

The brakes on the new Ford car are an exclusive Ford development. They are of the mechanical, internal expanding-shoe type and are self-centering. This is the most reliable and the simplest type of four-wheel brake and the easiest to adjust. All adjustments are made from the outside without removing any parts. No special tools are needed. Uniform, correct adjustment on each

wheel is quickly and easily obtained. The brake pedal and the hand lever each operate all four brakes. Total braking surface is 168 square inches. All brake working parts are cadmium plated to make them rust-proof.

MULTIPLE DRY-DISC CLUTCH

The clutch in the new Ford is of the multiple dry-disc type, which is the most reliable. It is also the easiest to operate, for it takes hold gently and smoothly. It has four driving discs and five driven discs.

COMFORTABLE TRANSVERSE SPRINGS

The springs are of the transverse, semi-elliptic type, designed and built for the new Ford. This type, which was used in the Model T, was adapted to the new car because no better spring type could be found. They are built of the finest spring steel, and the leaves are wide and thin. Each spring is built up of varying sizes and number of leaves to give proper flexibility and to meet riding requirements of the different body types. The size and number of leaves used in these springs is one of the reasons why the new Ford is such a comfortable car. The construction of the transverse springs also contributes to the safety and efficiency of the 4-wheel brakes.

HYDRAULIC SHOCK ABSORBERS

The finest type hydraulic shock absorbers are standard equipment on the new Ford. These combine with the low center of gravity, the minimum unsprung weight, and the easy riding qualities of the transverse springs to make the new Ford one of the most comfortable cars on the road today.

THREE-QUARTERS-FLOATING REAR AXLE

The rear axle of the new Ford is of the three-quarters-floating type. The axle housings are made entirely of steel, built up by welding steel forgings to steel tubing. The differential housing, to which these housings are bolted, is made of rolled channel steel. The axle shafts carry none of the weight of the car, the wheels running on roller bearings on the housing. All bearings in the rear axle are of the roller type. Drive is by spiral bevel gear.

FORD-DESIGNED STEEL-SPOKE WHEELS

Original design and great strength are two features that mark the unique, Ford-designed steel-spoke wheels. Each wheel is assembled by welding, and becomes one piece of metal. Spokes cannot work loose. Each spoke has a tensile strength of 4000 pounds. Outside spokes do not cross, so that the wheels are easy to clean. There are only 30 spokes in each wheel.

BEAUTIFUL NEW LOW BODY LINES

There is a bit of the European touch in the coachwork and contour of the new Ford. Bodies are steel. Fenders are of the full crown type. Appointments and hardware are of a luxurious type seldom found in a low-price car. Upholstery is of rich, durable material. Cushions are deep and easy. Door handles and window lifts are fully nickel-plated. Speedometer, gasoline gauge, ammeter and ignition lock are mounted on an instrument panel of satin-finish nickel, illuminated by a lamp in center. Headlamps and radiator shell are fully nickel-plated. Closed cars have the new military-type sun visor and crown roof. Great care has been taken in designing the new Ford to provide generous seat space and ample leg room. Clear, unobstructed vision is assured at front by unusually narrow pillars and at sides by specially designed doors with large windows.

CHOICE OF FOUR COLORS

The color combinations used on the new Ford are especially artistic and attractive. Four color choices are offered for each body type—a most unusual feature in a low-price car. Purchasers may choose any one of the following colors—Niagara Blue, Arabian Sand, Dawn Gray, and Gun Metal Blue. Belt and reveals are finished in contrasting colors, with attractive striping. The finish is pyroxylin lacquer, one of the finest and most enduring finishes for automobile bodies. It is not affected by heat or cold, withstands all kinds of weather conditions, and is not easily marred or scratched. The lustre actually improves with washing.

A QUIET CAR

In designing the new Ford, every precaution was taken to prevent squeaks, rattles and drumming sounds. Body panels and frame sections are welded and riveted together wherever there is possibility of the body weaving. In all structural details the new Ford bodies are built to afford the utmost quietness and comfort.

GREASE GUN LUBRICATION

The chassis of the new Ford is lubricated by the pressure grease gun system, the simplest and most effective method of lubrication.

ALL-RICHMOND PLAY MISSION HERE SUNDAY

The All-Richmonds are set for their game with the Mission eleven of San Francisco Sunday afternoon at 2:30 o'clock at First street park.

Manager John Walker said last night that there would be no conflict in securing the grounds such as was faced by the All-Richmonds last Sunday and ending in their being forced to play on the football field.

Practice is being held every day this week starting at 1 o'clock on the first street field. Flood lighting is used to insure ample time for practice and the team is whipping into shape under the coaching of Walker.

According to an announcement made yesterday, a gold watch will be presented to the member of the team turning out for practice the most times during the season. Every football player in the city is invited to go out for practice and try for the team.

The All-Richmonds have a considerably reinforced team from the one that suffered defeat in Stockton on Thanksgiving Day. A strong, heavy line composed of Lavigne, L. C. 180; Salisbury, L. C. 225; Baldwin, C. 180; Heley, L. C. 185; Bonnevillier, R. G. 185; Schwartzel, R. T. 217; and Aiken, R. C. 160 will face the Mission team Sunday afternoon in the backfield will be Holland, quarter, 150; Badcock, fullback, 170; Gonsalves, 180 and Cornell 145, halfbacks. This gives them a line average of 190 pounds and a backfield average of over 161 pounds.

Substitutes will be Rimbacker, Darling, Fraser, Snider, M. Frazer, Cleveland and Mariola.

A meeting of the team will be held tonight at Walker's home for the purpose of electing a captain and discussing matters for the betterment of the team.

HURT IN FALL

Theodore Shaffer, 40, of 209 Cypress avenue, St. George, sustained a fractured skull in a twelve foot fall from the porch of his home, Dr. W. S. Lucas, attending physician, states he will recover.

SAN FRANCISCO—Postal receipts here for October totaled \$778,000; gain of \$1,600 over same month last year.

Ed Sullivan's SPORT WHIRL

In any Eastern football ranking, you'll have to stick University of Pittsburgh, Yale and Army at the top.

Not perhaps on their season's records, for Yale was beaten by Georgia; Pitt was tied by Washington & Jefferson, and Army was beaten by Yale.

However, these three teams, on the days on which they "peaked," reached top form, showed greater powers than any of their Eastern contemporaries.

Yale, on the day it beat Army, or the day it beat Dartmouth "peaked" days could have met any team in the country with an even chance of victory.

Army on the day it beat Notre Dame, or the day it slaughtered Backus, was an even money choice against the pick of the West or South, or Coast.

And Pittsburgh, whitewashing a powerful Penn State eleven, 29-0, reached a high point that brought it up alongside Yale and Army on their best days.

Each of these Eastern standard bearers slumped at least once during the season. Yale was caught short of team condition when it played Georgia and lost. Army was sluggish on the day it played Yale, and Pitt sagged on the afternoon it met Washington & Jefferson.

This is natural, for there is no conditioner in the country who can keep fifteen men, or twenty men, keyed up for seven weeks. It is difficult to bring a fighter to razor edge for one fight; it is impossible to bring an entire team to razor edge seven games in a row.

They try to solve this by inserting cinch games on the schedule, but just as players at Monte Carlo go broke trying to guess when red will show up, so do coaches go dippy trying to guess when the slump is going to occur.

THE YEAR OF THE BIG LINE

The year of 1927 will go down in ring history as the year of the Big Foul.

There was an epidemic of below-the-belt swipes and frantic fight fans even went so far as to suggest whistles on the belt line that would blow whenever a fight offended. Others, more practical, suggested that the referee carry a gun with which to kill both fighters.

Dempsey-Sharkey, Delaney-Paulina, Sharkey-Willis, Courtney-Kaplan (twice) and Heeney-Gorman were some of the scraps that ended with Dr. Walker rushing to the ringside looking for dents.

In baseball it was the year of the Big Clout.

Ruth, Gehrig and the Yankees signaled the season by banging out 160 homers as a team total. Ruth broke his own record with 60 and Gehrig had 47. No pitcher turned in a no-run, no-hit game.

Every team that arrived anywhere in particular in football this season reached there on the shoulders of a big, powerful line. Army, Yale, Pitt, in the East were notable examples. The same for Illinois and Minnesota.

Georgia, in the South, had a bruising forward wall, and so did Southern California, Coast champions.

PIN RESULTS IN S. O. LEAGUE

By winning out over the Labor Department team last night, the Pipe Shop, took first place in the finals of the first half of the Standard Oil bowling league, played at the Seventh street alleys. The Labor Department and the Shook Factory are tied for second place with the Barrel House coming next.

The first three ranking teams at the end of the second half of play and the first three teams of the standings announced last night, will bowl out the finals at the end of the season. No

particularly high game scores were made in last night's play, several bowlers making 188 point games but no higher.

HIGH QUINTETS TO PLAY FIRST GAMES TODAY

The first basketball games of the season for the Richmond Union high school will be played this afternoon when the unlimited and Class B team meet the McClymont's high quintets in the high school gym here at 4 o'clock.

While the McClymonts team have had games, the local eagles have been practicing steadily the past few years and are in good condition for the game.

A big team for Richmond has been built up as the result of the material available.

Ernie Barbieri has been coaching in Class B quintet the past month and they are expected to do good work today.

The probable lineups are: Varsity, Barbieri and Hall, forwards; Arnold, center; Williams and Swenson, guards.

B team, Page and Malani, forwards; Flynn, center; Weeks and Oishi, guards.

RESEDA—Between 75 and 100 families in North Owensmouth section will be served by new gas main.

33,000 Ticket Applications Prepared For U.C. vs. Penn

BERKELEY, Nov. 30.—First steps in the preparations for the California-Pennsylvania post season football game to be played in the Memorial Stadium here on December 31 were taken today when the order was given for the printing of some 33,000 ticket applications.

Approximately 27,000 of these blanks will be mailed to alumni and stadium subscribers, while 6,000 persons outside of the university family will be able to see the game. A public sale of tickets will be held some time in December.

Jack MacKenzie, athletic manager of the University of California, had received numerous checks for tickets and the blanks are being printed for those persons who wish to make sure of their seats in advance of a sell-out.

This will be the second time that the Bears and Quakers have met, a post-season game having been played by them on January 1, 1925. The two are by this time more or less seasoned rivals and the game on December 31 will be more spirited than the ordinary intersectional contest for that reason.

Plans are being made for memorial exercises in connection with the game for Andy Smith, late California coach and former student and coach of Pennsylvania. A memorial bench on the stadium floor will be dedicated as a part of the exercises.

Damage Suit Claims Are Compromised

MARTINEZ, Nov. 30.—Dismissal of this jury in the two damage suits of \$12,000 and \$10,000 against Henry de Hana was ordered yesterday in Judge A. R. McKenzie's court and a settlement of \$1,000 in the former suit and \$375 in the latter was reached. Monte Ruff free receiving \$1,000 and Herbert Ruffree \$375 for injuries sustained in the automobile collision in Richmond.

P.A.- the makin's of a great cigarette

AM I sold on Prince Albert for home-rolled cigarettes? Ask me another! I like P.A.'s fragrance. And I like the way P.A. rolls. But the big point in P.A.'s favor is its marvelous taste. Cool as a summons to serve on the jury. Sweet as the news that you have been excused. Mild and mellow beyond description, but with that full, rich tobacco-body that satisfies your smoke-hunger to the absolute limit. Try rolling 'em with P.A. Try this tobacco in your pipe, also.

ALL DAY MEET WILL BE HELD BY EVANGELIST

Friday, December 2, there will be a special All-Day meeting in connection with the E. Arthur Lewis Co-Operative Evangelism Campaign at the former Masonic Temple, 818 Macdonald Ave. in Richmond. The services will be of varied natures beginning at 11 a. m. There will be preaching and special music at the morning session (2:30) and night services. People from different parts of the Bay District are planning to come, bring their lunches and stay all day. Hot drinks will be served free of charge. The volunteer orchestra will play, and any desiring free instructions on stringed instruments may receive such between services.

One of the local pastors of a prominent Richmond church attended a recent service and was delighted to find that, as advertised, Evangelist Lewis is a faithful singer and preacher of the Bible, free from any form of fanaticism. The minister showed a beautiful spirit of cooperation, and favored the audience with a solo. Another leading Richmond pastor is planning on visiting the meetings with some of his young people who will render a special number in song.

Evangelist Lewis last night again re-affirmed that these meetings are not sponsored by any local church and that there is no connection with, and never has been, with the so-called Pentecostal or Apostolic or other similar bands of people but that these meetings are conducted along lines similar to the old Moody and Sankey meetings. However, each member in the party holds membership in one of the Evangelical churches. And previous campaigns conducted by this company at Missoula and Billings, Montana, and in Wyoming enjoyed the cooperation of Methodists, Baptists, Evangelicals, Presbyterians, Lutherans, Nazarenes, Quakers and the Salvation Army. Similar old line churches and all people are welcome. Lewis himself is a convert of the famous old Moody church of Chicago and does not want the public to be alarmed

Dry Agents Seize Rum Schooner

THIRTY HUNDREDS looked on as Federal agents unloaded \$200,000 rum cargo found aboard two-masted schooner Charles and Edward, at Philadelphia wharf, following seizure of vessel in Delaware Bay. Seven members of the crew were arrested.

Kiwanians Hosts To Grid Team

Major Ivan Hill and 40 football players of the Richmond Union high school were entertained by the Richmond Kiwanis club at its noon session yesterday.

Coach Hill and Captain Frank Diamantini described the excellent record established by the local grid team this season with eight games won, two lost and one tied. The attendance prize was awarded to Harry Bagnall.

Duets and solos were given by Joseph Williams and Clyde Bumgarner. Football in the east and west was the topic of J. Rufus Kiwanis, secretary of the California Officials Association.

J. W. Smiley, newly appointed constable, was received as a new member. Clara D. Horner was chairman of the day.

or fear that this is some new form of fanaticism, for fanaticism has never been permitted in any of his meetings.

BANQUET HELD BY REALTORS

(Continued From Page 1.)

write upside down, sideways, and four proper names upside down in one line.

"Harmonica Joe" and "Banjo Bob" entertained with musical selections.

SANFORD SPEAKER
The speaker of the evening was P. M. Sanford, president of the Richmond Chamber of Commerce.

"Future Progress and Prosperity of Contra Costa County" was his topic.

"Nature has been good to Contra Costa County," he said. "We rank as one of the outstanding agricultural counties in the state. But our men and our progressive citizens have succeeded in making Contra Costa county one of the State's foremost industrial counties. Our factory output last year was in excess of \$156,000,000—a tremendous sum."

"But greater than all our physical development during the past year, I believe, is the community consciousness that has been awakened throughout the county. You realtors have helped in this to a large extent. Our civic bodies, our chambers of commerce, our public officials have helped. Today Contra Costa county is working together. We in Richmond are keenly interested in the waterfront developments at Pittsburg and Martinez. We have learned that individual success follows co-ordinated community development."

JUDGE HAYDEN CALLED ON
Judge C. H. Hayden was called upon to make an impromptu talk about the Contra Costa children's preventorium at Marsh Creek where the county's undernourished children, boys and girls, are cared for. Hayden told of the fine support the Contra Costa Board of Realtors had given the institution.

SWIFT REPORTS
Thomas E. Swift, treasurer of the "Sunshine Camp," as the preventorium is called, followed Hayden with "close-ups" of the little ones under the care of the community. He paid a splendid tribute to Rachel Miller, founder of the work in this county and emphasized Judge Hayden's tribute to the aid the realtors are giving the movement.

President Bull assured Swift that the Contra Costa Realtors were going to keep up the good work and Sarlo Steel was named "Santa Claus" for the realtors to see that sufficient funds are raised to continue the trip.

Ben Schapiro, returned realtor was another speaker who said that he was looking to 1928 as a great year.

Among those present last night were: Mr. and Mrs. Bruce Baird, Mr. and Mrs. Harry Puise, A. L. Paulsen, Thomas B. Swift, C. H. Hayden, Mrs. Raymond, Mrs. H. W. Bryant, C. A. Ricks, Mr. and Mrs. John J. Davi, Pittsburg; Lucille Cartwright, Elois H. MacMillan, Robert N. MacMillan, Basil L. Sparr, Alice L. Power, Donald Bull, Mr. and Mrs. E. B. Bull, P. M. Miscellaneous permits amounted to \$2,900; apartments, \$5,700 and one church permit for the construction of the new Trinity Lutheran church at Nineteenth street and Barrett avenue amounting to \$12,000.

Pythians Review Lodge History

The annual roll call of the local lodge, Knights of Pythias, No. 13, was held last night at Brotherhood hall with Osborne Carroll presiding. The minutes of the first meeting, August 8, 1903, at Downer hall in Point Richmond, were read by J. C. Bly.

A. S. Lilly related the most memorable event in the lodge history, the page rank class July 17, 1920, when 139 candidates were initiated. The banquet which followed the ceremony was attended by over 550 persons.

The committee in charge of the whist party announced the date as December 14 at Brotherhood hall. Officers will be elected at the meeting next Wednesday night and a good attendance is asked for this event. The Boy Scout committee was appointed last night: H. J. Donnelly, George M. Deathe, and A. S. Lilly.

Albany Matron Will Be Laid At Rest

Funeral services will be held from St. Mark's church this morning at 9:30 o'clock for Mrs. Paula Amelia Regello of 833 Madison street, prominent Albany matron, who passed away at a local hospital, Tuesday night. The cortege will leave the Bert Curry parlors at 9 o'clock for the church. Interment will be in St. Joseph's cemetery.

Mrs. Regello was 22 years of age and a native of Montreal. She is survived by her husband, Gabriel Regello, father and mother, two sisters, a brother and a newly born son.

Xmas Shopping In Full Swing In Local Stores

(Continued From Page 1.)
The old custom was unsatisfactory to the store owners as it meant that many of their customers were dissatisfied with the treatment they received.

Richmond merchants, who this year are watching with satisfaction the demand on the part of the people for an early opportunity to make their Christmas selections, plan to make the early Christmas opening a regular event in the future years. One merchant, who some years ago spent considerable effort in an endeavor to induce his patrons to shop early in the Christmas season and who then failed dismally in the attempt said yesterday:

"I have contended right along that no one could force the public into early Christmas shopping. I tried it for years and they kept on waiting until the last minute, filling my store to the suffocation point in the week just before Christmas. Now, it seems, probably because the club women of the country have been studying
